Life

Mesmerized by the music.

Who are those clowns?

Great school spirit Michele!

Now that takes coordination.

PEACE!!

We found a new friend.

Net Heads!!

What a stud!

Bladder Trouble Kristen?

I'm going the kill you!

The young wizards

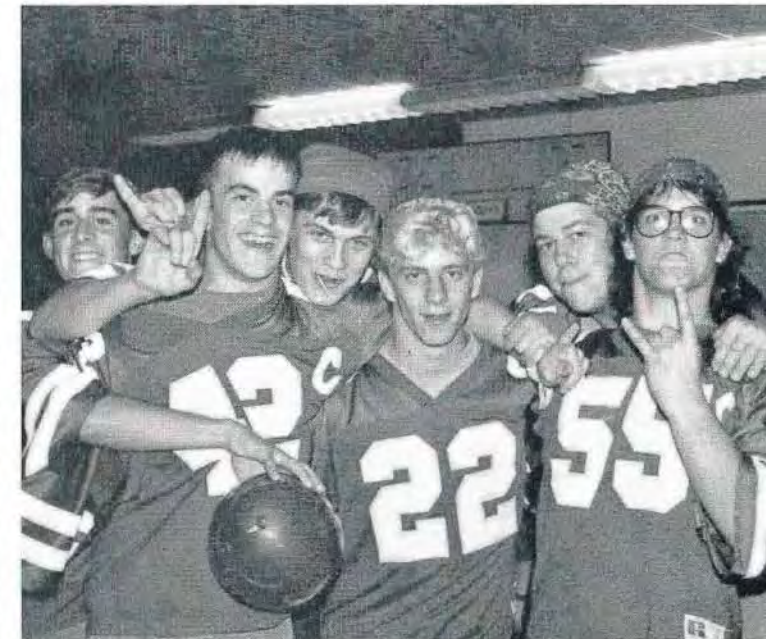

One big happy family.

Why didn't you guys really dress up for Halloween?

I'm sure the felling is mutual

Shelly Noble
1973 — 1990

In Memory of Shelly Noble and Josh King

You touched our hearts in many ways.

Was it your pleasant smile?

Was it the time that you held us together in some way?

Or was it just your gift of friendship?

You seemed to be there for us during many moments.

You could make us smile with the things that you would do.

You never seemed to forget some of us;

Nor will we forget you.

It is the little things to remember;

Your comfort or your hand.

As the hour glass went empty;

We could not understand.

We will always remember the little things that you did.

Your smiles are in our minds.

We will never forget your familiar faces;

Nor the memories that you left behind.

-Anne Marie Gorruso

President's Message

The sun has one kind of glory while the moon and stars have another kind. And the stars differ from each other in their beauty and brightness.

-I Corinthians 15:41

Each and every one of us is a beautiful miracle to this world. The special person you are is what makes people love you, so love yourself and believe in yourself. Only then will you be able to reflect your love unto others and lead a fulfilling life. When all is said and done, no one will remember that you scored a touchdown or that you got all A's on your report card. They are going to remember that special person you are inside and how you treated others. Be proud of who you are and of your family and community. They care about you and want to see you succeed.

I am proud of all of you and wish you the best of luck in all of your future endeavors.

Dare to Dream
Choose a wish, find a dream,
Pick a wishing star;
Let your hopes and spirits soar
High and free and far.
Reach for the unreachable,
Stretch to touch the sky,
Know no dream you treasure
Is too far away or high.
Believe in the impossible,
Then work and try and do-
For only those who dare to dream
Can make a dream come true!

The RHS Talisman is a major publication taken on each year to create a lasting record of our high school experience. The work began in September with a massive ad campaign to help cover the costs of the book. The work continued daily until March, including the scheduling and taking of hundreds of pictures in hopes that some will be suitable for publication. Then comes hours of designing and laying out every page until we were satisfied with the results.

- 152 pages of little blue picas,
- copy sheets to be typed,
- deadlines to be met,
- yearbooks to be sold,
- proofs to review,
- and anticipated delivery in June!

It has been fun to say the least!

A bit of advice to future Talisman Staffs: Get started early; keep ahead of deadlines; guard the box of finished pages *With Your Life!* (Our first mailing was accidentally thrown in the garbage!) One other thing, having some underclassmen on the staff would be extremely beneficial.

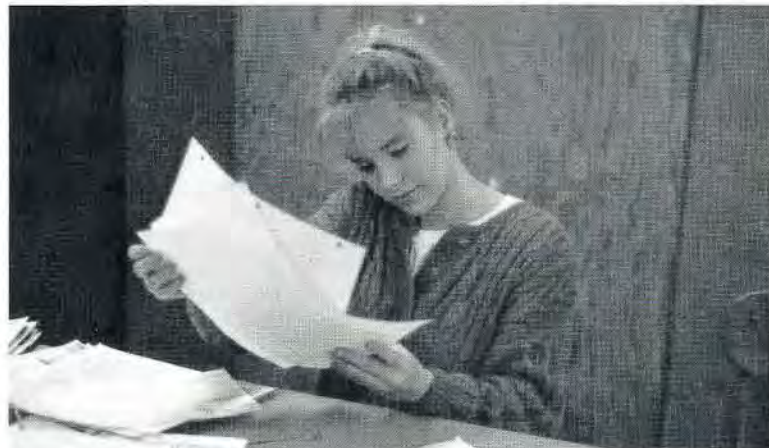

-GOOD LUCK!

Our advisor Ms. V

Making a Collage!

A special thanks to **Ms. Vavrinec**, our advisor for all her help; and to **Alison Whitehair**, **Teran Simon**, and **Jim Duval** for all of the impressive art-work throughout the Yearbook.

And to those who went on the ad-blitz, helped out at the beginning, and especially those who stuck it out to the finish,

- We couldn't have done it without you.

THANKS!

Two Happy Key Clubbers!

When the Key Club was chartered in the fall of 1989, it was really returning to RHS after an absence of several years. Once open only to boys, the Key Club is now open to *all* students. It is a part of an international organization dedicated to service. Affiliated with the Kiwanis, Key Club emphasizes personal growth, leadership and volunteer service. Although still very young and growing, the current Key Club has been active in a number of projects including ringing bells for the Salvation Army, starting and maintaining a white paper recycling program, organizing RHS's Teacher Appreciation Week and waiting tables at a Christmas party for Senior Citizens. We invite all interested students to join us to help improve the world around us.

Hey Buds!

The Student Council is an organization with representation from grades 9 through 12. They concentrate on doing activities beneficial to the school and the students. Last year the Student Council developed a scholarship fund of which money was awarded to a deserving senior attending college the following year. This year the Student Council plans to continue the fund and hopes to award an even larger amount of money.

Students Against Drunk Driving is an organization dedicated to the prevention of underage drinking and the problem of drinking and driving. The group works hard to present students with positive alternatives to drinking. This year SADD sponsored a guest speaker from National SADD, they held assemblies throughout the year dealing with drug and alcohol awareness. They were largely responsible for the Red Ribbon Week held at school, and they worked with elementary students to show them refusal skills and safety. This past summer, RHS SADD was represented at the National SADD Conference by President Kristin Carbine.

The Peer to Peer program is a combination of Ms. Dudley's and Mr. Kreitzer's communications classes. The group is responsible for many programs and projects throughout the year such as Mediation, Diversion, Big Friend, Little Friend, Peer Tutor and the Spring Carnival. The class teaches social skills and requires the creative energy of each and every student in problem solving and group project planning. A prerequisite for the class is to be able to sit comfortably in a bean-bag!

Mediation and Diversion are two programs that involve personal communication skills that are learned through the communication classes. Both are voluntary experiences and can have very rewarding results. Mediation involves listening to a family's problems and giving a teen's view of how to solve it. Diversion is an alternative route for teens that are first-time offenders of minor crimes. The offender is brought before a board of adults and teens alike and the board then decides what punishment the offender should receive. Some of the punishments involve community service or an essay on the act they have committed and why it is wrong. Both groups give students a chance to be a part of a decision making body that can be a benefit to teens and their families.

Big Friend, Little Friend is a project started by Mr. Harrington last year which gives all of the High School students a "little friend" from the surrounding Elementary Schools. For 15 weeks we meet together to help promote the self-esteem of each other. During this time we engage in many exciting activities such as sliding and swimming and classroom cooperation games. As well as can be seen, all of the Big Friends look forward to seeing their Little friends and enjoy the opportunity to learn from each other and have fun doing so.

Jets Club

JETS (Junior Engineers Technical Society) is a organization open to students in grades 9-12. The purpose of the organization is to familiarize students with careers in the technical fields by way of field trips to visit technicians on the job, speakers to introduce their specialty, and in-school projects to promote interest in these technical areas.

The two highlights of our year include 1) participation in the UVM Engineering Week Competition which involves creating an egg drop device and/or popsicle-stick bridge; 2) a day trip to visit a college or university offering engineering programs and a site visit to a technically related industry.

Miss Fregosi was again the faculty advisor for this year's *Red & White*, the RHS school newspaper, while Mr. Clark helped publish the paper. Editor-in-chief Greg Crowther headed up the student staff, while Jim Langan and Deborah Sherman also provided editing help. The *Red & White* covered school news thoroughly, including articles on athletics, school clubs, special events, and student achievements. Several issues also carried Holiday themes. The newspaper was read and enjoyed by students and faculty throughout the high school.

Encore Theatre in the 1990-1991 school year has been very busy. We have been fundraising and performing. The year started with four performances of *ANNIE GET YOUR GUN*. Then we had a Santa's workshop as a fundraiser. Spring found us working hard on the One-Act *A STONE IN THE ROAD*, and also getting ready to host the Vermont State Regional Festival. Encore Theatre also hopes to work on a Spring Production.

Fine Arts

As always the 1990-91 RHS Band Schedule was jam packed with things to prepare for . . . parades, football games, concerts, auditions and trip planning. Aside from being there to support the football team at the games we prepared parade music and the prize winning marching unit in the Halloween Parade with the theme "La Fiesta Grande". A great deal of time was spent in individual goals with the preparation for District, All New England and All-State Auditions.

Spring Semester always goes by so fast with us preparing for Music In Our Schools Month Tours, Concerts and 8th Grade Invitational-Play in. Plans finished for our cultural trip along with Spring Concerts, Fine Arts Festival Ensembles and the Vt. All-State Parade as well as Loyalty Day Parade.

Our year closes with Graduation Night as our final performance with 11 members in the '91 graduating class and the annual Band Picnic. To all of the seniors we wish them well and the best that life has to offer! For the rest of us summer will be a pleasant diversion before we start the whirlwind cycle again!!

Madrigals and Chamber Singers are two separate groups of musicians. In order to become a member you audition. The Madrigal Singers is a smaller group than the Chamber Singers and it tends to be more select. Both groups perform at the annual Winter and Spring concerts. Along with that, they perform at various events for the community. Most of the Madrigal Singers audition for the various festivals each year along with some Chamber Singers. Each year the Madrigals put on a dinner Cabaret in the spring. Both groups sing classical music and some more modern pieces. The class is enjoyable because the music gives the student a way of expression that no other course can give.

How very interesting!

Whatever . . .

Concert Choir is a group of singers that perform at the Winter and Spring Concerts at school. This years group was quite large and they worked hard to give a good performance at both events. The Choir sings a variety of music from classical to more modern pieces. Taking a course in singing gives the students a chance to work but at the same time enjoy a relaxing activity. And the results of the hard work show in the final performances at the concerts.

Tri-M Music Honor Society is a group of musically talented high school students. The three M's stand for Modern Music Masters. To become a member, each student must pass a written exam, perform a piece with their instrument of voice and be formally inducted. The students must also have a good academic record and be active in the music groups they belong to.

The various festivals that are listed on these two pages are exciting, fun and enriching experiences. Each student who was accepted to one or more of these festivals worked very hard to prepare for the required audition. Each student who auditioned had to prepare a solo or a quartet (for singing) and audition before a judge who would base your performance on your musical ability, sound, and various other important factors of a good musician. Once the audition is over all you can do is wait to see if you be able to attend the festivals. And once you find out if you have been accepted the work begins. You must then learn all your music as best you can before you actually go to the festival. Any person who gets accepted to these festivals can look forward to a good time with lots of new friends to meet, and good music to participate in.

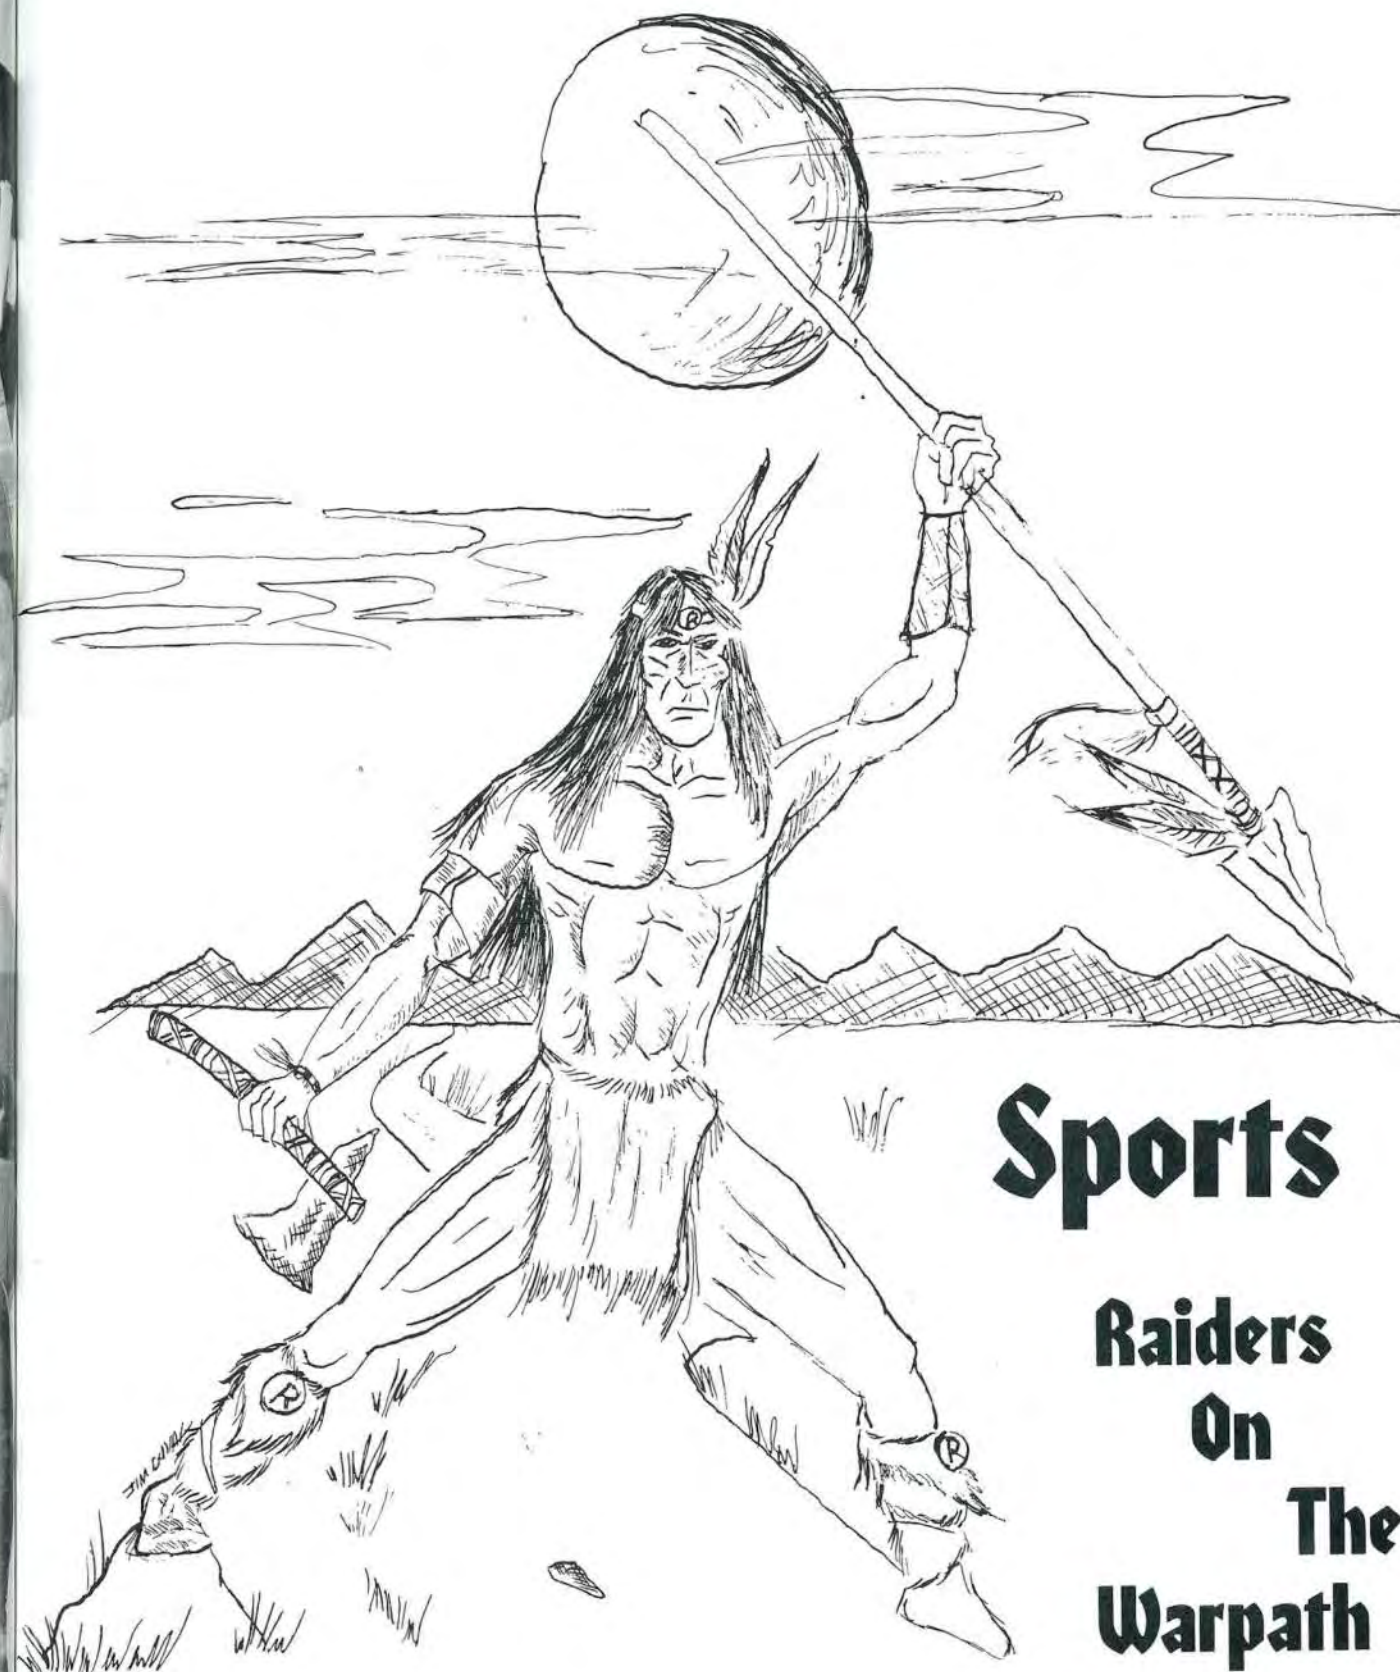

Not another audition!

Cross Country

This year was a good one for the Rutland High cross-country running team. The boys team began the year on a high note, taking 2nd place in the Bellows Fall Invitational. The Raiders not only dominated most of their southern Vermont opponents, they were competitive up north as well.

The climax of the season was the State Championship meet. Among the thirty-five boys teams from all divisions, Rutland placed 6th to qualify for the New England Championships.

The girls team was only 3 members strong with a freshman as their top runner. The experience they gained this year will help them to succeed in the future.

Field Hockey

The 1990 Field Hockey season was the most successful one in several years. The team reached the quarterfinals in the State Tournament and played their usual highly skilled game with great intensity. The Varsity lost in a thrilling, 2-1, to the defending Division I State Champions, Spaulding, seeded #1 in the tournament. The team had great speed, excellent skills and lots of depth.

The Rutland Raider Field Hockey Program is very proud of their CVGAL All-Stars: seniors, Sheri Moscatello and Adrienne Domencucci and junior Theresa O'Connor. Also, selected to the prestigious Vermont Twin State Team were two seniors; Adrienne Domencucci and Captain, Sheri Moscatello.

Soccer

Although the 1990 Varsity Soccer Season was not a overwhelming succesful one, we as a team look upon this season as a stepping stone. Belonging to the Marble Valley League was quite a challenge for us, playing the defending Division I State runner up Mill River and three year consecutive State Champions Fair Haven, all twice each.

This team earned the respect of their opponents and learned alot about the game. I foresee the younger members of the team as being a step ahead of the other future varsity opponents because of their playing experience this season.

Football

An Outstanding Season

The 1990 Rutland football season was one of many accomplishments for both the team and individuals. While going undefeated at 10-0 and outscoring their opponents 297-50, the Raiders also had many personal accomplishments. Quarterback Justin Mock passed for over 1,000 yards and 12 touchdowns. His record as the starting quarterback at the high school was 27-2. Running back Jason Sweet also reached the 1,000 yard barrier and scored 115 points to lead the team in both categories. Although there were many other bright spots for the Red Raiders, it was a team effort that made the team so successful. The 16 seniors will be greatly missed next year but they leave an outstanding tradition behind that will challenge the senior classes to repeat in the future.

Cheerleading

Cheerleading has changed dramatically over the years, and it's definitely changing for the better. This year's Varsity football and basketball cheerleading squads have helped make those changes. After two years in a row of winning SVL champs, and second in the state contest last year, they finally took the State title on February 16, 1991. The State Championship was well deserved by the basketball cheering squad because they worked very hard to make their performance flawless. Unfortunately, they are losing six seniors, but we feel confident that Rutland's cheerleading squads will continue to be successful in the future.

Boys Basketball

The Rutland High School Boy's Basketball Team finished their regular season schedule of a 16-4 record. The Raiders returned four starters to their line-up from the previous game. This team brought about some exciting and very emotional games and they improved their record from the previous year. The Raiders are now entering a post season play. The Raiders have six lettermen returning from last year's squad which finished their regular season 13-7. The seniors brought experience to this year's quick Raider Basketball Team.

Girls Basketball

This was a year of transition for the girls basketball team, as new coach Lori Thompson stepped onto the court. Returning almost all the players from last year's team 16-4, the Raiders did not end up with quite as an impressive record as this year's 14-16 but we're still seeded 7th in the state tournament. Making it to the quarter finals for the second straight year, although we lost, we still feel that this was a successful year mainly due to our hard work and determination. If girls basketball continues to improve as it has over the past few years any goal or dream is possible.

We wish to thank our coach for her time and effort, and best of luck to next years team!

Skiing

This year's cross country ski team has had a successful season. With seven members on the girls team, we competed strongly and were second in the league. We achieved our team goals by closing the gap towards first. Individually, members reached their own goals, broke into the top five, or beat someone that they were seconds behind all season. Having only three guys, we did not have enough to constitute a team. Therefore they worked toward individual goals. After overcoming bad weather, injuries, and illnesses the team came out ahead. As a young team and having only two seniors, the team shows much promise for next year. Best of luck to our cross country ski team- keep skiing!

After a very successful season last year the Girl's Ski Team entered a transitional year. Although we didn't make States, each individual skier reached a certain goal that was put in front of them. The Boy's Ski Team on the other hand, did very well. They ended up 5th in the state over all, with a few individual skiers standing out. Thanks for the great year. Good Luck!

Ice Hockey

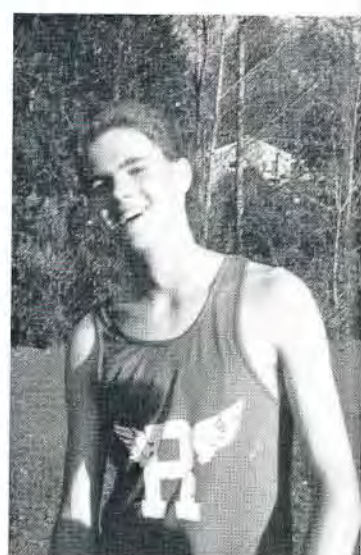

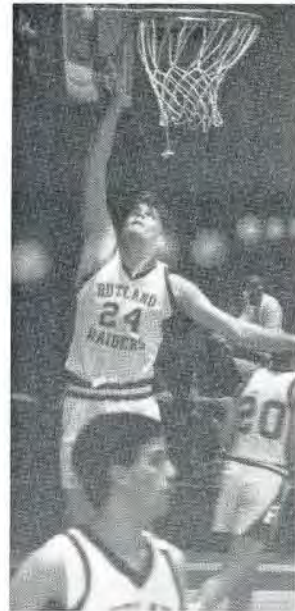

The Ice Hockey team this season, aside from illness and injury did fairly well. Some of the memorable events this season were upsetting Division I Spaulding 5-4 and qualifying for the playoffs. In the future we wish the best of luck to the guys, coaches, and managerial staff, on more successful seasons to come.

Pres. Evan Silber; Vice-Pres. Adam Maxfield; Sec. Ann Marie Durfee; Tres. Amy Feronti.

A few years ago we came together from different places, holding different ideas and opinions. With different backgrounds we have a diversity which makes us unique and knowledgeable. With time we have grown closer together, and from this growth we have made friendships which unite us with a sense of compatibility as a class. Armed with both our individuality in ideas, and our unity in friendship, our class has the potential to accomplish tasks that other classes have not. I hope to see our class use these qualities to make our Senior year more memorable, first for ourselves, and secondly for anyone who may confront the Class of 1992.

RHS Welcomes Mr. Kidd!

For twenty-two years Mr. Gordon Kidd has taught science . . . in England. Now he and his family have come to Rutland to live for a year so that he can teach American students and, with his family, see the United States.

Mr. Kidd is able to do this through a teacher exchange program, in which teachers trade countries, houses, and classrooms. The American exchange teacher participating in the exchange is Mr. George Hooker.

Both Mr. Hooker and Mr. Kidd find some of the differences between England and America. For instance, Mr. Kidd is finding it quieter and more spacious here. That is to be expected, though, since he lives outside a city which has the population of the entire state of Vermont. He also finds it strange that good shopping can be long distances away.

How do American students compare with English students? Mr. Kidd says, "American students seem more concerned about their schoolwork, but I don't think that they are necessarily more serious. They seem to like confrontation a bit too much." He also thinks students here seem more confident on the surface.

Mr. Kidd, his wife Lorraine, and his daughters Suzanne, Melanie, and Danielle are looking forward to travelling in the States. He hopes to see the desert, Yellowstone National Park, New York City and Disneyworld.

Mr. Kidd first became interested in exchange programs ten years ago. He knew it would bring him to the United States, but he had no idea where. He finds Rutland to be smaller than he imagined but says it is pleasant. His opinion of living here is ever-changing, "but overall, I like it."

We would like to thank Mr. Kidd for giving us the opportunity to learn about a different culture and for sharing his knowledge with us. The Rutland High School students that received classroom education from him were very fortunate to experience his teaching style. After this year has ended we will have the memories of not only what he has taught us about science, but also about us as a society. We wish Mr. Kidd all the luck in the world in his future professional and personal endeavors. We hope that he enjoyed his year at Rutland High School. We greatly appreciated the honor of getting to know him.

Sports Quiz

1. What did 35 of 44 of the 1989 Super Bowl champions do before the big game? Hint: John Elway didn't.
2. What does PROFESSIONAL SURFING ASSOCIATION OF AMERICA 3 time national champion Paul Barr do that makes him brag, "I feel a lot stronger, more relaxed, more flexible and my legs don't fatigue as easily"? Hint: Another 3 time national champion said with it, "I am now surfing at 100%."
3. What type of physician provides this type of care? Hint: His schooling is as extensive as an M.D., but he does not prescribe drugs or do surgery.

Answers:

Numerous well known professional, olympic and amateur athletes have used and praised the effects of chiropractic treatment not only for pain relief but more importantly for increased athletic performance. We expect that we could help you also, and we guarantee that we do not accept any patients that we do not honestly believe that we can help. Call my office now for a consultation and examination to see if we can improve your level of functioning and health.
